LEADERSHIP DEVELOPMENT

Leaders lead people to achieve extraordinary results. You will learn how to nurture the traits in yourself to improve your leadership skills. While enhancing these skills, you'll be making yourself a better boss, associate and a better leader overall.

This module is designed to help you recognize and grow your leadership potential. We will do so by examining the following:

- What constitutes a "Good Leader"
- Coaching and mentoring
- Leadership styles
- Business ethics in leadership
- Leadership success
- Leading yourself and others
- How to develop Emotional intelligence (EI)
